Looking to replace your existing PC/Laptop?

If you buy a new PC or Laptop you can have it configured prior to delivery or collection (FREE OF CHARGE !). Please let us know at the time of ordering if you would like this carried out. This service includes the initial configuration of Windows (with your requested usernames), creation of any master restore disks that may be required, configuration of Antivirus, and transfer of files from your old computer if available.

Check out our current offers in our online shop. Dont forget, if you dont see what you want, contact us and we will try to find a suitable PC/Laptop for your budget or needs.

Is your PC or Laptop running slow ????

This is a common sign of a potential spyware/virus problem on your Computer.

Treat your computer to a full health check at our drop-off clinic (due to the length of time extensive scans take its not possible to do a proper in-depth check at your home).

For a flat rate of £50.00 your computer will get a series of in-depth scans for Virus, Spyware, System Registry errors, Removal of any temporary files clogging your computer, disk defrag and disk surface scans. Any Virus/Spywear discovered will be removed and any registry errors will also be fixed for the flat rate of £50.00.

To use this service, drop your Laptop or PC (Tower/desktop box only) in with your contact details attached and clearly marked for "PC Health check ". Remember to include your laptops power pack.

NOTE:- In the event of serious damage by a virus or other malicious infection that prove impossible to remove without data loss, you will be contacted first. Repairing such extensive damage is not covered by the standard health check and would be charged at our standard hourly rate.
